### Description

This villa, which enjoys magnificent views over the golf course, is located close to the beach and amenities. This "all on one level" property is also located at the end of a quiet cul-de-sac. You enter the property via a gated parking area for two cars with sails for shade or through an antique style wooden pedestrian door, from here everything is a level walk. Access to the villa is via the pool terrace with stunning views which is a superb relaxation area, with both an open gazebo and an open naya with glass curtains, both just a couple of steps from the inviting pool, truly an ideal space to chill-out in summer or winter. You enter the villa through double doors into the living room which has a high ceiling, rustic beams and a feature fireplace with an integrated wood burner. Off the living room is a double bedroom with lovely views.
