Description

At the lower end of Benimeit so still not too far to walk to Moraira, is this lovely villa surrounded by beautiful terraces and a lovely garden with lots of mature plants and trees. A pedestrian gate and a separate electric gate to the driveway with access to the garage. The pedestrian gate leads opens up to a lovely private garden with to the right, the 9x4 rectangular and heated pool with an electric cover. This all surrounded by beautiful terracotta tiled terraces. A couple of steps up to the main entrance to the house and also a separate entrance directly to the kitchen. The main entrance door leads you to the welcoming hallway and in to the large lounge and dining area separated by a beautiful Tosca stone arch. To the right of the dining area, the separate U-shaped kitchen with lots of workspace. From the lounge to the left wing of the house with access to the three bedrooms, one single and two doubles of which one is with an en-suite shower. The other shower room to be shared between the two bedrooms. Both double bedrooms have access to the naya. From the lounge, there is also access to the beautiful beamed ceiling naya. From here also access to an upper terrace which is ideal for the late summer nights. The downstairs apartment can be accessed through an internal staircase as well as the external staircase. The apartment is totally self-contained and has two bedrooms, a modern shower room, a kitchenette and a large lounge and dining room. Access on to the open terrace. Also on this level is the garage which again can be accessed from the inside. Off the garage is a utility and a workshop. Peaceful and private is how I would describe this villa in two words. Gas central heating throughout.
